COLUMN. EDUCATIONAL

Edited and Conducted by J. F. LANGENBAUGH.

WEST VIRGINIA. The State Superintendent of free schools of West Virginia, is elected by joint ballot of the two branches of the Legislature, tendent of free schools for the State. His ed. term of office is two years. County Superintendents are elected by the people for two years. In each township three school commissioners are elected by the people. These commissioners and their Secretary constitute in each township its Board of Education. These Boards form the central idea in the State system. Three resident voters of each district are appointed by the township Boards of Education to be district Trustees. The Governor, Auditor, Treasurer, Secretary of State, and General Superintendent of free schools, are a corporation under the name of the Board of the School Fund, and have the management, control, and investment of said fund. The Auditor is Secretary of the Board. No information as to the amount of money available in this State, and also as to the form and source of the funds. The teachers are appointed by the distsict Trustees, who also fix their salaries, and dismiss them at any time for incompetency, neglect of an isolated swamp.
